INCINERATORS

What are your Options? What do the regulations stipulate?

## TURCO Incinerator Housing

Turkington Engineering Limited has an alternative that is cost effective, easily assembled and facilitates both the incinerator and the oil tank – All you need is a concrete base and bund for the oil tank.

**Dimensions:** Height 2.2 m  
Width 3.5 m  
Length 4.5 m

Turkington Engineering is a privately owned company established for 40 years. During this time we have built a reputation as one of the leading UK Manufacturers of Incinerators.

From our new cutting edge 40,000 sq.ft. production facility, we offer reliability, versatility and the peace of mind you would expect from a company at the forefront of technology.

ISO accreditation guarantees quality and professionalism across our business, from the products we manufacture to the service we deliver.
